BUY A LUXOR ZD LIGHTING CONTROLLER WITH WI-FI,
GET A FREE LAM DEVICE

Now, from the palm of your hand you can manage all FX LED fixtures with ZD Technology® and Luxor controllers with Wi-Fi installed. Every fixture attached to a Luxor ZD system can be wirelessly assigned to a group using ActivAssign™ technology. The new Light Assignment Module (LAM) makes it easy: simply plug the LAM into a smartphone or tablet and enter Assignment Mode, choose the new fixture group, point the LAM at the light, and you're done.

Buy a Luxor ZD lighting controller with Wi-Fi, get a LAM. Limit 2 per company. Purchases must be made 9/1/14-10/30/14. To receive your LAM, just email, mail, or fax this form with your valid proof of purchase (invoice copies). Claims must be postmarked no later than November 30, 2014. Email claims to info@fxl.com, mail claims to: **Hunter Preferred Contractor Program, 1940 Diamond Street, San Marcos, CA 92078**, or fax to **760-471-9626 ATTN: Liz.**
